

How Infusion Works

The platform currently consists of eight short courses.

Each course is divided into units. Many have four units. The most is seven. Very roughly speaking, a unit takes about a day of work to complete. But you have up to a year to complete a course so you can spread out the work if you have time constraints.

Each unit has activities (mostly something you must write about). At the end of the unit you are invited to send in your activities to your mentor via email. For the time being I am the mentor of all the courses. I will read your activities and give you feedback.

Each course costs £20 payable via PayPal.

The first ten courses to be signed up for will be FREE!

A free course will be offered after three courses have been completed.
